

**INDEPENDENT AUDITOR'S REPORT  
TO THE MEMBERS OF  
MOONACO SECURITIES (PRIVATE) LIMITED  
REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS**

**Opinion**

We have audited the annexed financial statements of **Moonaco Securities (Private) Limited** which comprise the statement of financial position as at June 30, 2025, and the statement of profit or loss, the statement of comprehensive income, the statement of changes in equity, and the statement of cash flows for the year then ended, and notes to the financial statements, including material accounting policy information and other explanatory information, and we state that we have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of the audit.

In our opinion and to the best of our information and according to the explanations given to us, the statement of financial position, the statement of profit or loss, the statement of comprehensive income, the statement of changes in equity and the statement of cash flows together with the notes forming part thereof conform with the accounting and reporting standards as applicable in Pakistan and give the information required by the Companies Act, 2017 (XIX of 2017), in the manner so required and respectively give a true and fair view of the state of the Company's affairs as at June 30, 2025 and of the profit, other comprehensive income, the changes in equity and its cash flows for the year then ended.

**Basis for Opinion**

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' *Code of Ethics for Professional Accountants* as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

**Information Other than the Financial Statements and Auditor's Report Thereon**

Management is responsible for the other information. The other information comprises the information included in the Directors' Report but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

---

**Reanda Haroon Zakaria Aamir Salman Rizwan & Company**  
**Chartered Accountants**

Other offices at:  
Lahore and Islamabad

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

### **Responsibilities of Management and Board of Directors for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the accounting and reporting standards as applicable in Pakistan and the requirements of Companies Act, 2017(XIX of 2017) and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Board of directors are responsible for overseeing the Company's financial reporting process.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the board of directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

### **Report on Other Legal and Regulatory Requirements**

Based on our audit, we further report that in our opinion:

- a) proper books of account have been kept by the Company as required by the Companies Act, 2017 (XIX of 2017);
- b) the statement of financial position, the statement of profit or loss, the statement of comprehensive income, the statement of changes in equity and the statement of cash flows together with the notes thereon have been drawn up in conformity with the Companies Act, 2017 (XIX of 2017) and are in agreement with the books of account and returns;
- c) investments made, expenditure incurred and guarantees extended during the year were for the purpose of the Company's business;
- d) no zakat is deductible at source under the Zakat and Ushr Ordinance, 1980; and

- e) the Company was in compliance with the requirement of section 78 of the Securities Act 2015, section 62 of the Futures Market Act, 2016 and the relevant requirements of Securities Brokers (Licensing and Operations) Regulations 2016 as at the date on which the statement of financial position was prepared.

The engagement partner on the audit resulting in this independent auditor's report is **Muhammad Farooq**.

**Chief Executive Officer**

  
\_\_\_\_\_  
**Director**

**MOONACO SECURITIES (PRIVATE) LIMITED**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED 30 JUNE 2025**

**1. LEGAL STATUS AND NATURE OF BUSINESS**

Moonaco Securities (Private) Limited (the Company) was incorporated in Pakistan on August 24, 2006, as a Private Limited Company under the repealed Companies Ordinance, 1984 (now Companies Act, 2017). The company is a TRE certificate holder of Pakistan Stock Exchange Limited (PSX) and is principally engaged in the business of stock brokerage. The registered office and principal place of business is located at 410-411, 4th Floor, Stock Exchange Building, Stock Exchange Road, Karachi.

**2. BASIS OF PREPARATION**

**2.1. Statement of Compliance**

The Financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan for financial reporting. The accounting and reporting standards as applicable in Pakistan comprise of:

- International Financial reporting standards (IFRS standards), issued by international Accounting standards Board (IASB) as notified under Companies Act, 2017; and
- Provisions of and directives issued under the Companies Act, 2017.

Where the provisions of and directives issued under the Companies Act, 2017 differ from IFRS standards, the provisions of and directives issued under the companies Act, 2017 have been followed.

**2.2. Basis of Measurement**

These financial statements have been prepared under the historical cost convention, except for investments which are carried at fair value without any adjustments for the effects of inflation or current values.

**2.3. Functional and Presentation Currency**

These financial statements are presented in Pak Rupees, which is the functional and presentation currency of the Company and rounded off to the nearest rupee.

**2.4. Use of Estimates and Judgments**

The preparation of financial statements in conformity with approved accounting standards as applicable in Pakistan, requires management to make judgments, estimates and assumptions that affect the application of policies and the reported amounts of assets, liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making the judgments about the carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

Judgments made by management in the application of approved accounting standard as, applicable in Pakistan, that have significant effect on the financial statements and estimates with a significant risk of material judgment in the next year are as follows: -

### ***Property and equipment***

The Company reviews the rate of depreciation, useful life, residual value and value of assets for possible impairment on an annual basis. Any change in the estimates in future years might affect the carrying amounts of the respective items of property and equipment with a corresponding affect on the depreciation charge and impairment.

### ***Trade debts***

Trade debts and other receivables are recognized initially at fair value and subsequently measured at amortized cost less loss allowance, if any. The Company measures the loss allowance for trade debts at an amount equal to lifetime expected credit losses (ECL). The expected credit losses on trade debts are estimated using a provision matrix by reference to past default experience of the debtor and an analysis of the debtor's current financial position, adjusted for factors that are specific to the debtors, general economic conditions of the industry in which the debtors operate and an assessment of both the current as well as the forecast direction of conditions at the reporting date.

### ***Income taxes***

In making the estimates for income taxes currently payable by the Company, the management looks at the current income tax laws and establish provision where appropriate on the basis of amounts expected to be paid to the tax authorities.

### ***Deferred taxes***

The carrying amount of deferred tax assets is reviewed at each reporting date and is adjusted to reflect the current assessment of future taxable profits. If required, carrying amount of deferred tax asset is reduced to the extent that it is no longer probable that sufficient taxable profits to allow the benefit of part or all of that recognised deferred tax asset to be utilised. Any such reduction shall be reversed to the extent that it becomes probable that sufficient taxable profit will be available.

## ***2.5. Standards, interpretations and amendments to approved accounting standards***

### ***2.5.1 Amendments to published accounting and reporting standards which are effective for the year ended June 30, 2025***

There were certain amendments to accounting and reporting standards which became effective for the Company for the current year. However, these are considered not to be relevant or to have any significant impact on the Company's financial reporting and, therefore, have not been disclosed in these financial statements.

### ***2.5.2 Standards, interpretations and amendments to the existing standards that are not yet effective and have not been early adopted by the company***

		<b><i>Effective date (annual reporting periods beginning on or after)</i></b>
IAS 21	The Effects of changes in Foreign Exchange Rates (Amendments)	January 1, 2025
IFRS 7	Financial Instruments(Amendments regarding disclosures)	January 1, 2026
IFRS 9	Financial Instruments (Amendments regarding the classification and measurement of financial instruments)	January 1, 2026
IFRS 17	Insurance Contracts	January 1, 2026
	Annual improvements to IFRS 7, IFRS 9, IFRS 10 (Consolidated Financial Statements) and IAS 7 (Statement of Cash Flows)	January 1, 2026

### 3 MATERIAL ACCOUNTING POLICY INFORMATION

#### 3.1 Property and Equipment

These are initially measured at cost. Subsequent to initial recognition these are measured at cost less accumulated depreciation and impairment loss if any.

Subsequent costs are included in the asset's carrying amounts or recognised as a separate asset, as appropriate, only when it is probable that future benefits associated with the item will flow to the Company and the cost of the item can be measured reliably.

Depreciation is charged to income using the reducing balance method at the rates specified in the relevant note. Depreciation is charged when the asset is put to use till the asset is disposed.

Maintenance and normal repairs are charged to income as and when incurred. Major renewals and improvements are capitalized.

Gain or loss on disposal of an asset is charged to statement of profit or loss account.

The Company reviews the useful lives and residual value of its assets on regular basis. Any change in the estimates in future years might affect the carrying amounts of the respective items of property, equipment with a corresponding effect on the depreciation charge.

#### 3.2 Intangibles

An intangible asset is recognized as an assets if it is probable that economic benefits attributable to the assets will flow to the company and cost of the assets can be measured reliably.

Intangible assets having finite useful lives are stated at cost less accumulated amortization and accumulated impairment losses, if any. Amortization is charged from the date the asset is available for use while in the case of assets disposed of, it is charged till the date of disposal. The useful lives and amortization method are reviewed and adjusted, if appropriate, at each reporting date.

Intangible assets having an indefinite useful life are stated at cost less accumulated impairment losses, if any. An intangible asset is regarded as having an indefinite useful life, when, based on an analysis of all the relevant factors, there is no foreseeable limit to the period over which asset is expected to generate net cash inflows for the Company.

An intangible asset with an indefinite useful life is not amortized. However, the carrying amount is reviewed at each reporting date or whenever there is an indication that the asset may be impaired, to assess whether it is in excess of its recoverable amount, and where the carrying value exceeds the estimated recoverable amount, it is written down to its estimated recoverable amount.

Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in statement of profit or loss account when the asset is derecognised.

#### - Trading Right Entitlement Certificate (TREC)

Trading Right Entitlement Certificate (TREC) is stated at acquisition cost less provision for impairment loss, if any. The carrying amount is reviewed at each balance sheet date to assess whether it is in excess with its recoverable amount, and where the carrying value exceeds from estimated recoverable amount, it is written down to its estimated recoverable amount.

### **3.3 Financial instruments**

#### **3.3.1 Initial Recognition**

All financial assets and liabilities are initially measured at cost which is the fair value of the consideration given or received. These are subsequently measured at fair value, amortized cost as the case may be.

All purchases & sales of financial assets that require delivery within the time frame established by regulations or market convention are recognized using settlement date accounting i.e. on the date on which settlement of the transaction takes place.

#### **3.3.2 Classification of financial assets**

The Company classifies its financial instruments in the following categories:

- at amortized cost.
- at fair value through other comprehensive income (“FVTOCI”), or
- at fair value through profit or loss (“FVTPL”),

The Company determines the classification of financial assets at initial recognition. The classification of instruments (other than equity instruments) is driven by the Company’s business model for managing the financial assets and their contractual cash flow characteristics.

##### ***Financial assets at amortized cost***

Financial assets that meet the following conditions are subsequently measured at amortized cost:

- a)** the financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows and
- b)** the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

##### ***Financial assets at fair value through OCI***

Financial assets that meet the following conditions are subsequently measured at FVTOCI:

- a)** the financial asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and
- b)** the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

However, Company may make an irrevocable election at initial recognition for particular investments in equity instruments that would otherwise be measured at fair value through profit or loss to present subsequent changes in fair value in other comprehensive income.

##### ***Financial assets at fair value through profit or loss***

A financial asset is measured at fair value through profit or loss unless it is measured at amortized or at fair value through OCI.

### **3.3.3 Financial liabilities**

The Company classifies its financial liabilities in the following categories:

- at fair value through profit or loss (“FVTPL”), or
- at amortized cost.

Financial liabilities are measured at amortized cost, unless they are required to be measured at FVTPL (such as instruments held for trading or derivatives) or the Company has opted to measure them at FVTPL.

### **3.3.4 Subsequent measurement**

#### ***Financial assets at FVTOCI***

Elected investments in equity instruments at FVTOCI are initially recognized at fair value plus transaction costs. Subsequently, they are measured at fair value, with gains or losses arising from changes in fair value recognized in OCI.

#### ***Financial assets and liabilities at amortized cost***

Financial assets and liabilities at amortized cost are initially recognized at fair value plus or minus transaction costs, and subsequently carried at amortized cost, and in the case of financial assets, less any impairment.

#### ***Financial assets and liabilities at FVTPL***

Financial assets and liabilities carried at FVTPL are initially recorded at fair value and transaction costs are expensed in the statement of profit or loss and comprehensive income. Realized and unrealized gains and losses arising from changes in the fair value of the financial assets and liabilities held at FVTPL are included in the statement of profit or loss and comprehensive income in the period in which they arise. Where management has opted to recognize a financial liability at FVTPL, any changes associated with the Company’s own credit risk will be recognized in other comprehensive income/(loss). Currently, there are no financial liabilities designated at FVTPL.

### **3.3.5 Impairment of financial assets at amortized cost**

The Company recognizes a loss allowance for expected credit losses (ECLs) on financial assets that are measured at amortized cost. Loss allowances are measured on the basis of life time (ECLs) that result from all possible default events over the expected life of a financial instrument.

Lifetime ECL is only recognized if the credit risk at the reporting date has increased significantly relative to the credit risk at initial recognition. Further, the Company considers the impact of forward looking information (such Company's internal factors and economic environment of the country of customers) on ECLs. Credit losses are measured as the present value of all cash shortfalls (i.e. the difference between the cash flows due to the entity and the cash flows that the Company expects to receive).

Provision against financial assets measured at amortized cost are deducted from the gross carrying amount of the assets.

### **3.3.6 Derecognition**

#### ***Financial assets***

The Company derecognizes financial assets only when the contractual rights to cash flows from the financial assets expire or when it transfers the financial assets and substantially all the associated risks and rewards of ownership to another entity.

On derecognition of a financial asset measured at amortized cost, the difference between the asset's carrying value and the sum of the consideration received and receivable is recognized in profit or loss.

In addition, on derecognition of an investment in a debt instrument classified as at FVTOCI, the cumulative gain or loss previously accumulated in the investments revaluation reserve is reclassified to profit or loss.

In contrast, on derecognition of an investment in equity instrument which the Company has elected on initial recognition to measure at FVTOCI, the cumulative gain or loss previously accumulated in the investments revaluation reserve is not reclassified to profit or loss, but is transferred to revenue reserve.

### ***Financial liabilities***

The Company derecognizes financial liabilities only when its obligations under the financial liabilities are discharged, cancelled or expired. The difference between the carrying amount of the financial liability derecognized and the consideration paid and payable, including any non-cash assets transferred or liabilities assumed, is recognized in the statement of profit or loss and comprehensive income.

#### ***3.3.7 Offsetting of financial assets and financial liabilities***

Financial assets and financial liabilities are offset and the net amount is reported in the financial statements only when there is a legally enforceable right to set off the recognized amount and the Company intends either to settle on a net basis or to realize the assets and to settle the liabilities simultaneously.

#### ***3.4 Advances, deposits and other receivables***

All short and long term advances, deposits and other receivables are carried at nominal amount. Provisions are made for doubtful amounts. Irrecoverable amounts are written off to statement of profit or loss account.

#### ***3.5 Trade debts***

These are classified at amortized cost and are initially recognised when they are originated and measured at fair value of consideration receivable. These assets are written off when there is no reasonable expectation of recovery. Actual credit loss experience over past years is used to base the calculation of expected credit loss.

Trade debts are written off when considered irrecoverable.

Trade receivables in respect of securities sold on behalf of client are recorded at settlement date of transaction

#### ***3.6 Cash and cash equivalents***

These include cash in hand and bank balances and are carried at cost.

#### ***3.7 Trade and other payables***

Trade and other payables are carried at cost which is the fair value of the consideration to be paid in the future for goods and services received up to the year end, whether or not billed to the Company.

Trade receivables in respect of securities sold on behalf of client are recorded at settlement date of transaction.

### **3.8 Taxation**

Income tax expense comprises of current and deferred tax. Income tax expense is recognised in the statement of profit or loss account, except to the extent that it relates to items recognised directly in statement of changes in equity or in which case it is recognised in equity.

#### ***Current***

Provision for current taxation is based on taxable income at the current rates for taxation after taking into account tax credit and rebates available, if any in accordance with the Provision of Income Ordinance, 2001. The charge for the current tax also includes adjustments where necessary, relating to prior years which arise from assessments framed/ finalized during the year.

#### ***Deferred***

Deferred tax is provided in full using the liability method, on all temporary differences at the balance sheet date between the tax base of assets and liabilities and their carrying amounts for the financial reporting purposes.

Deferred tax liabilities are recognized for taxable temporary differences ,while deferred tax assets are recognized for all deductible temporary differences , carry forward of un used tax losses and unused tax credit, to the extent that is probable that taxable profits will be available against which the deductible temporary differences carry forward of unused tax losses and unused tax credits can be utilized.

The carrying amount of deferred tax assets is reviewed at each balance sheet date and reduce to the extent that is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilized. Unrecognized deferred tax assets are reassessed at each balance sheet date and are recognized to the extent that it has become probable that future taxable profit will allow deferred tax assets to be recovered.

Deferred tax relation to items recognized directly in statement of comprehensive income or equity is recognized in statement of comprehensive income or equity and not in statement of profit or loss account.

### **3.9 Levy**

Tax charged under Income Tax Ordinance, 2001 which is not based on taxable income or any amount paid / payable in excess of the calculation based on taxable income or any minimum tax which is not adjustable against future income tax liability is classified as levy in the statement of profit or loss and other comprehensive income as these levies fall under the scope of IFRIC 12/IAS 37.

### **3.10 Provisions**

A provision is recognised if, as a result of a past event, the Company has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation.

However, provisions are reviewed at each balance sheet date and adjusted to reflect the current best estimate.

### **3.11 Revenue**

Brokerage commission, consultancy and other income are recognised as and when such services are provided and performance obligation is satisfied.

Interest income is recognised on a time proportion basis using the effective interest rate of return.

Gain / (loss) on sale of securities are included in statement of profit or loss account on settlement date basis.

### **3.12 Expenses**

All expenses are recognised in the profit and loss account on accrual basis.

### **3.13 Impairment**

#### ***Non-Financial assets***

The carrying amounts of non-financial assets are assessed at each reporting date to ascertain whether there is any indication of impairment. If any such indication exists then the asset's recoverable amount is estimated. An impairment loss is recognized, as an expense in the profit and loss account, for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less cost to sale and value in use. Value in use is ascertained through discounting of the estimated future cash flows using a discount rate that reflects current market assessments of the time value of money and the risk specific to the assets. For the purpose of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash flows (cash-generating units).

An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortization, if no impairment loss had been recognised.

### **3.14 Related party transactions**

All transactions with related parties are carried out by the Company at arms' length price using the admissible pricing method.

## 23. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

Note	2025 Rupees	2024 Rupees
------	----------------	----------------

Followings are the financial assets and liabilities at year end :

### FINANCIAL ASSETS AND LIABILITIES

#### Financial assets

Long term deposits	6	1,500,000	1,500,000
Trade debts	7	60,081,541	63,845,813
Advances, deposits and other receivables	9	61,548,144	78,306,688
Short term investments	8	44,834,595	20,533,828
Cash and bank balances	10	357,410,795	304,102,693
		<b>525,375,075</b>	<b>468,289,022</b>

#### Financial Liabilities

Trade and other payables	13	55,864,833	54,736,332
--------------------------	----	------------	------------

The Company's activities expose it to a variety of financial risks: capital risk, credit risk, liquidity risk and market risk (interest / mark-up rate risk and price risk). The Company's overall risk management programme focuses on the unpredictability of financial markets and seeks to minimize potential adverse effects on the financial performance. Overall, risks arising from the Company's financial assets and liabilities are limited. The Company consistently manages its exposure to financial risk without any material change from previous period in the manner described in notes below.

Risk managed and measured by the Company are explained below: -

- Credit risk
- Liquidity risk
- Market risk

The Board of Directors has overall responsibility for the establishment and oversight of Company's risk management framework. All treasury related transactions are carried out within the parameters of these policies.

### 23.1 Credit risk

Credit risk is the risk of financial loss to the Company if a counterparty to a financial instrument fails to meet its contractual obligations. Company believes that it is not exposed to major concentration of credit risk. To manage exposure to credit risk, Company applies credit limits and deal with credit worthy parties. It makes full provision against those balances considered doubtful and by dealing with variety of major banks and financial institutions.

The carrying amounts of financial assets represent the maximum credit exposure, as specified below: -

	<i>Note</i>	<i>2025 Rupees</i>	<i>2024 Rupees</i>
Long term deposits	6	<b>1,500,000</b>	1,500,000
Trade debts	7	<b>60,081,541</b>	63,845,813
Advances, deposits and other receivables	9	<b>61,548,144</b>	78,306,688
Cash at banks	10	<b>357,394,249</b>	304,088,267
		<b>479,023,934</b>	446,240,768

The maximum exposure to credit risk for trade debtors and other receivables at the reporting date are as follows:

	<i>2025</i>		<i>2024</i>	
	<i>Gross Rupees</i>	<i>Impairment</i>	<i>Gross Rupees</i>	<i>Impairment</i>
More than 14 days	<b>8,028,396</b>	-	11,014,319	-

### 23.2 Liquidity risk

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they fall due. Prudent liquidity risk management implies maintaining sufficient cash and marketable securities, the availability of adequate funds through committed credit facilities and the ability to close out market positions due to dynamic nature of the business. Company finances its operations through equity, borrowings and working capital with a view to maintaining an appropriate mix between various sources of finance to minimize risk. The management aims to maintain flexibility in funding by keeping regular committed credit lines.

The following are the contractual maturities of financial liabilities, including estimated interest payments:-

	<i>2025</i>		
	<i>Carrying Amount</i>	<i>Contractual cash flows</i>	<i>Upto one year</i>
	<i>----- Rupees -----</i>		
<b>Financial liabilities</b>			
Trade and other payables	<b>55,864,833</b>	<b>55,864,833</b>	<b>55,864,833</b>
	<i>2024</i>		
	<i>Carrying Amount</i>	<i>Contractual cash flows</i>	<i>Upto one year</i>
	<i>----- Rupees -----</i>		
<b>Financial liabilities</b>			
Trade and other payables	<b>53,960,387</b>	<b>53,960,387</b>	<b>53,960,387</b>

### 23.3 Market risk

Market risk means that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices such as foreign exchange rates, interest rates and equity prices. The objective is to manage and control market risk exposures within acceptable parameters, while optimizing the return. Market risk comprises of three types of risk: foreign exchange or currency risk, interest / mark up rate risk and price risk. The market risks associated with the Company's business activities are discussed as under:-

#### **Currency Risk**

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. Foreign Currency risk arises mainly where receivables and payables exist due to transactions entered into foreign currencies.

Currently the Company is not exposed to any currency risk because the company is not dealing in any foreign currency transactions.

### 23.4 Interest / mark up rate risk

Financial assets include balance of **Rs. 56.84 million** (2024 : Rs. 74.15 million) which are subject to interest rate risk. Applicable interest / mark-up rates for financial assets and liabilities have been indicated in respective notes.

Interest / mark-up rate risk is the risk that value of a financial instrument or future cash flows of a financial instrument will fluctuate due to changes in the market interest / mark-up rates. Sensitivity to interest / mark up rate risk arises from mismatches of financial assets and liabilities that mature or re-price in a given period. The Company manages these mismatches through risk management strategies where significant changes in gap position can be adjusted.

At the reporting date, the interest rate profile of the company's significant interest bearing financial instruments was as follows:-

	<i>2025</i>	<i>2024</i>
	<i>Rupees</i>	<i>Rupees</i>
<b><i>Financial assets</i></b>		
Exposure deposit	<b>55,849,780</b>	63,150,000
BMC deposit with PSX	-	10,000,000
Bank balances	<b>1,000,000</b>	1,000,001
	<b>56,849,780</b>	<b>74,150,001</b>

#### **Sensitivity analysis**

The Company does not account for any fixed rate financial asset and liabilities at fair value through profit or loss. Therefore, a change in interest rate will not effect fair value of any financial instrument and company does not have any variable rate instrument which effect profit or loss account and equity.

The following information summarizes the estimated effects of hypothetical increases and decreases in interest rates on cash flows from financial assets and liabilities that are subject to interest rate risk. It is assumed that the changes occur immediately and uniformly to each category of instrument containing interest rate risk. The hypothetical changes in market rates do not reflect what could be deemed best or worst case scenarios. Variations in market interest rates could produce significant changes at the time of early repayments. For these reasons, actual results might differ from those reflected in the details specified below. The analysis assumes that all other variables remain constant.

	<b>Profit and loss 100 bp</b>	
	<i>increase</i>	<i>decrease</i>
<b>As at June 30, 2025</b>		
Cash flow sensitivity - Variable rate financial instruments	<b>568,498</b>	<b>(568,498)</b>
<b>As at June 30, 2024</b>		
Cash flow sensitivity - Variable rate financial instruments	<b>741,500</b>	<b>(741,500)</b>

### 23.5 Price risk

Price risk represents the risk that the fair value of a financial instrument will fluctuate because of changes in the market prices (other than those arising from interest / mark up rate risk or currency risk), whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all or similar financial instruments traded in the market.

#### *Sensitivity analysis*

The table below summarizes Company's equity price risk as of June 30, 2025 and 2024 and shows the effects of hypothetical 10% increase and a 10% decrease in market prices as at the year end. The selected hypothetical change does not reflect what could be considered to be the best or worst case scenarios. Indeed, results could be worst because of the nature of the equity market and aforementioned concentrations existing in company's equity investment portfolio.

	<b>Fair Value</b>	<b>Hypothetical price change</b>	<i>Estimated fair value after hypothetical change in prices</i>
	<b>Rupees</b>		<i>Rupees</i>
<b>June 30, 2025</b>	<b>44,834,595</b>	<b>10% increase</b>	49,318,055
		<b>10% decrease</b>	40,351,136
<i>June 30, 2024</i>	<i>20,533,828</i>	<i>10% increase</i>	<i>22,587,211</i>
		<i>10% decrease</i>	<i>18,480,445</i>

### 23.6 Fair value of financial instruments

The carrying values of the financial assets and financial liabilities approximate their fair values. Fair value is the amount for which an asset could be exchanged, or a liability settled, between knowledgeable, willing parties in arm's length transaction.

### 23.7 Fair value hierarchy

The table below analyses financial instruments carried at fair value, by valuation method. The different levels have been defined as follows: -

- Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: Inputs for the asset or liability that are not based on observable market data (unobservable).

	<i>Level 1</i>	<i>Level 2</i>	<i>Level 3</i>
	<i>----- Rupees -----</i>		
<b><i>June 30, 2025</i></b>			
Investments at fair value through profit or loss account	<u><u>44,834,595</u></u>	<u><u>-</u></u>	<u><u>-</u></u>
<b><i>June 30, 2024</i></b>			
Investments at fair value through profit or loss account	<u><u>20,533,828</u></u>	<u><u>-</u></u>	<u><u>-</u></u>

#### **24. OPERATING SEGMENT**

These financial statements have been prepared on the basis of a single reportable segment which is consistent with the internal reporting used by the chief operating decision-maker. The chief operating decision-maker is responsible for allocating resources and assessing performance of the operating segments.

liabilities and performance is prepared on a consistent basis with the measurement and recognition principles of approved accounting standards as applicable in Pakistan. There were no change in the reportable segments during the year.

The Company is domiciled in Pakistan. The Company's revenue is generated from shares brokerage income.

All non-current assets of the Company at June 30, 2025 are located in Pakistan.

#### **25. CAPITAL RISK MANAGEMENT**

The company's objectives when managing capital are to safeguard the company's ability to continue as a going concern in order to provide returns for shareholders and benefits for other stakeholders and to maintain an optimal capital structure.

Consistent with others in the industry, the company manages its capital risk by monitoring its liquid assets and keeping in view future investment requirements and expectation of the shareholders. The company does not have any debt as on reporting date.
